Game Concept

Game Concept

- ▶ The concept of my demake is a 2D top down cooking game, where the player has to create food as ordered before the time runs out.

Game Concept

- ▶ The concept of my demake is a 2D top down cooking game, where the player has to create food as ordered before the time runs out.
- ▶ The game can be co-op as well as single player.

Game Concept

- ▶ The concept of my demake is a 2D top down cooking game, where the player has to create food as ordered before the time runs out.
- ▶ The game can be co-op as well as single player.
- ▶ However co-op will be a stretch goal.

Technical Feasibility

Technical Feasibility

- ▶ This type of game is fairly simple, as there is no scrolling backgrounds, and not lots of enemies to render, only the player and the objects that the player can interact with.

Technical Feasibility

- ▶ This type of game is fairly simple, as there is no scrolling backgrounds, and not lots of enemies to render, only the player and the objects that the player can interact with.
- ▶ The game will have a detailed player sprite, consisting of 4 8x8 sprites, and the tiles will be 8x8 sprites.

Technical Feasibility

- ▶ This type of game is fairly simple, as there is no scrolling backgrounds, and not lots of enemies to render, only the player and the objects that the player can interact with.
- ▶ The game will have a detailed player sprite, consisting of 4 8x8 sprites, and the tiles will be 8x8 sprites.
- ▶ The game will have pre-designed levels that the player can walk around in, and interact with certain usable cells, i.e. cooker, chopping board ect.
